Check in & Continental Breakfast

8:30 AM – 12:00 PM  
Session Begins

12:00 PM – 1:00 PM  
Lunch Break

2:30 PM – 4:30 PM  
Live Demonstrations with individuals with autism

Please note that the afternoon session will include opportunities for participants to meet and interact with individuals with autism that represent the spectrum of the disability. The focus will be on individuals with autism ages 10-30 as these are the individuals who will more than likely run into a situation where law enforcement would be contacted. Participants will gain knowledge about the characteristics, as well as, the mannerisms of individuals with autism in hopes that they will recognize these traits while out in the community.

**Hosted By The Autism Society of Greater Orlando**

The Autism Society of Greater Orlando was founded in 1996 by a group of volunteer parents to better assist families of children and adults with autism in the Central Florida area.

The mission or goal of the Autism Society of Greater Orlando is that all individuals within the autism spectrum will be provided a lifetime network of opportunities to become fully accepted, included, and actively participating members of our community, through family support, education, and advocacy, and public awareness.

We are a source of information and support to families of children and adults with autism. We offer social opportunities for individuals with autism to be included in the community. We believe that all children with autism are their own unique person and should be treated as such.
